

SAFER OPERATIONS

Integrated guarding and safety systems help protect your people and your operation.

REDUCE LABOR DEPENDENCY

Replace manual palletizing and free your team for higher-value work.

EASY STACK PRO HMI

Intuitive touchscreen interface simplifies changeovers and operations for any operator.

AUTOMATE END-OF-LINE PALLETIZING WITH CONFIDENCE.

RoboTier Robotic Palletizers deliver the flexibility, reliability, and ease of use today's manufacturers need to stay ahead.

SCALABLE FOR FUTURE GROWTH

Multiple configurations and throughput levels to grow with your business.

FLEXIBLE LINE INTEGRATION

Easily integrates with existing conveyors, wrappers, and material handling equipment.

HANDLES MORE PRODUCTS

Cases, bags, bundles, trays, and more – built for your application.

CONSISTENT PALLET QUALITY

Precision robot placement delivers strong, uniform pallets every time.

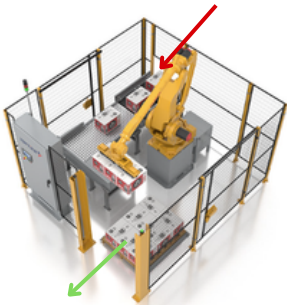

EASY STACK PRO

THE EASIEST PALLETIZER INTERFACE IN THE INDUSTRY.

- ✓ Intuitive touchscreen operation
- ✓ Quick product changeovers
- ✓ Simplified troubleshooting
- ✓ Operator-friendly design
- ✓ Minimal training requirements

FLEXIBLE SYSTEM CONFIGURATIONS

Modular layouts that fits your space, production, and throughput needs.

SEMI-AUTOMATIC

Ideal for lower throughput operations. Operator places product and removed pallet.

SINGLE-INFEED FULLY AUTOMATIC

Balanced performance and footprint for most applications.

DUAL-INFEED FULLY AUTOMATIC

Maximum throughput and automation for high-demand environments.

APPLICATIONS

CASES

BAGS

BUNDLES

TRAYS

WHAT COMES STANDARD

FANUC Industrial Robot

Allen-Bradley Controls

Safety System & Guarding

Conveyor Package

Remote Support Ready

KEY ADVANTAGES

Products Handled	Cases, bags, bundles, trays, and more
Industries Served	Food & beverage, contract manufacturing, consumer packaged goods, building materials, chemicals & lubricants, pet food, and more
Configurations	Multi-line capability (up to 4) 1-in-1 out, 2-in-1 out, 2-in-2 out
End-of-Arm-Tooling	Vacuum, mechanical, single pick, multiple pick, full row pick
Capabilities	Modular design, flexible, compact footprint, industry leading safety
